

Visualize an innovative and engaging communication system that keeps you “tuned-in” 24/7 with the best in cable TV programming. Discover a channel lineup that includes four HBO channels, the most popular cable news, sports, music, movies and entertainment, and customer service that is absolutely top notch.

UTV

University Television Services (UTV) provides a clean and clear cable television signal directly to the University of Utah’s housing and residential rooms, as well as several campus classrooms, offices, lounges, and other locations by way of a hybrid video distribution system of coaxial and fiber optic cable.

Programming

UTV includes 99 channels of entertainment, educational programming and news that support the experience of students living on campus as well as the academic and educational needs of the university. UTV produces original programming for channel 6 and encourages students and residents to participate in the selection and production of programming for the TV system.

Customer Service

UTV provides efficient and responsive customer services. We have a convenient call-in service and online work request form for any type of cable TV problem that the customer may have. We ensure a quick and timely response to all high-priority trouble calls by our professional, competent and courteous technicians.

Interactive TV Guides

It’s easy to find what you want on UTV. We have a 24-hour scrolling TV guide located on channel 3, and a searchable online TV directory on our website. We also provide our customers with an annually updated channel line-up and technical information brochure.

We Respond to Viewer Feedback

At the suggestion of the Housing and Residential Education Department, UTV added 12 new channels, bringing the total UTV channel line up to 99.

Local Connections

We partner with the Communication Department, to air 26 weekly “Newsbreak” shows on our local original programming channel. UTV produces and airs several student focused specials and shows, as well as 52 weeks of 24-hour campus events and bulletin information. We also broadcast our own university channels: KUTE (student radio), KUER (local NPR) and KUED (local PBS).

Typical Deliverables

Clean and clear cable TV signal
99 channels of news and entertainment
Educational programming

Channel 6 original programming
Interactive TV Guides
Excellent service and customer support
