

**Envision** a single point of contact where you can get quick answers to all of your video questions. Imagine a team of award-winning directors, producers, editors, and audio and graphic designers that will focus on your needs. Discover production services comparable to what you'll find "downtown" but for one-third of the cost.

### Turnkey Video Production Service

Media Solutions offers a versatile set of skills to help with your needs assessment, media choices, scripting, production design, visualization, acquisition, editing, and final distribution. From broadcast to podcast quality, our experienced video production team provides high touch, low cost, live-event streaming and highly produced programs or "clips" you can serve from your website or deliver on-demand.

### Events, Meetings and Presentations

Do you need to document a ground-breaking ceremony, film a guest speaker, create staff development materials or present your research? Do you provide the same training over and over again? Let us record your event or produce your project. It costs less than you might think, and we have the tools and skills to make you more effective and productive.

### Public Service Announcements

Our video professionals can get your message across in 60 seconds or less. We've produced PSA's ranging from an Emmy-nominated, anti-domestic violence campaign to advertising the rich online library resources in Utah.

### Media Training

Do you have people who must interact with the media, but lack the confidence or experience to do it effectively? We can provide training from experts in public relations and corporate communications to help you maximize the impact of your message in front of the camera.

### Tools of the Trade

Our resources include broadcast quality video and audio facilities, spacious studios, the latest in non-linear editing technologies and award-winning production crews. Do you need to know more about HD, SD, green screen, chromakey, teleprompter, script to screen, virtual sets or digital video cameras? Media Solutions has your answer.
